McClendon Hunter Application Service

McClendon's Terms and Conditions

1. Upon drawing for a hunt you will be notified and your permit can be mailed to you by certified mail or given to you upon your arrival at camp.
 2. If you withdraw from the licensing service, you will forfeit the membership fee. However all the unused license/tag fees you have submitted will be refunded. A member may put his application on hold (upon notification to M.H.A.S.) and does not have to apply every year. Also, if desired, he or she may apply for bonus points only (requires license purchase and processing/application fee).
 3. If you should draw a hunt that JM&SGS does not guide for we will assist you in booking your hunt with one of our associate outfitters.
 4. If your application is unsuccessful, the rejection notice will be forwarded to you. The refund voucher from the state will be endorsed by M.H.A.S. via the Power of Attorney and deposited in an insured account. The funds will then be available for the coming year drawings each year. Again, at no cost, we will re-evaluate your hunt, state, and species choices and make recommendations to apply the same or make changes.
 5. If there are any changes in license cost or permit fees, the club member will be billed for the difference.
 6. There is a processing fee the state keeps from every application, usually around 5-22 dollars. The member will be billed for this annually along with any other license or tag fee increases.
- M.H.A.S. Will use credit card on file every year unless other wise notified by member in writing.

Please make sure you have included the following when returning paperwork to M.H.A.S.:
